**THERE'S A  
WECKESSER  
CABLE CLAMP  
FOR EVERY  
APPLICATION**

You'll find the *right* clamp for your needs at Weckesser—the right material, the right type, the right shape and size. Non-magnetic Weckesser Cable Clamps withstand heat, abrasion, and most chemicals, and they eliminate the need for separate clamp insulation.

*For long service under severe conditions*

**WECKESSER**  
**NY-GRIP Cable Clamps**

Made of top-quality nylon for toughness, strength, durability, and superior dielectric properties. May be used at temperatures from  $-60^{\circ}\text{F}$  to  $+275^{\circ}\text{F}$ . Excellent thermal stability and corrosion resistance. Strap clamps, flat clamps, control wire clips, snap clips, etc., in a wide choice of weights and sizes, to accommodate cable diameters from  $\frac{1}{8}"$  to  $1\frac{1}{2}"$ .

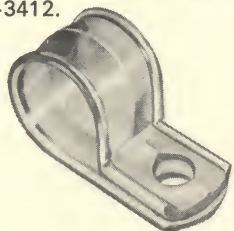

Meet MIL-STD-242A, MIL-STD-242B, MIL-P-17091A and Amendment 2, MIL-P-17091B, MIL-P-20693, Type 1 and MS-39014.

*Excellent cable support at low cost*

**WECKESSER**  
**ETHO-LOC Cable Clamps**

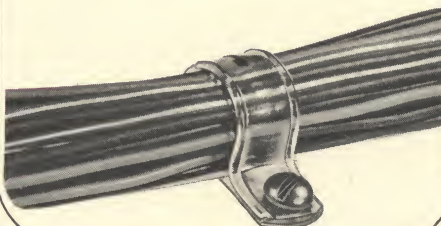

For use under normal heat conditions, these completely self-insulating clamps are the optimum choice for numerous applications in air conditioning, radio and television, appliances, and vending equipment. Made of Dow Ethocel (ethyl cellulose), they are available from stock in clear amber color, handle cable or wire diameters from  $\frac{1}{8}"$  to  $3"$ . Meet MIL-P-3412.

*Especially designed for outdoor use.*

**WECKESSER**  
**BUTYRATE Cable Clamps**

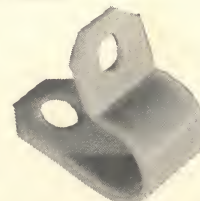

These tough, lightweight, clamps are basically interchangeable with Etho-Loc for most applications, but they offer the extra advantage of ultra-violet stabilization, for extreme weather resistance, at no premium in price. Made entirely of clear Butyrate for cable sizes from  $\frac{1}{8}"$  to  $1\frac{1}{2}"$ . Butyrate formula MIL approved.

*Outstanding dielectric properties,  
extra-high heat resistance*

**WECKESSER**  
**TEFLON\* Cable Clamps**

This tough, flexible material offers chemical inertness, zero moisture absorption, low coefficient of friction. Since they can be used at temperatures as high as  $400^{\circ}\text{F}$ , they are excellent for numerous aircraft and military applications. A range of types and sizes accommodate cable diameters from  $\frac{1}{8}"$  to  $\frac{3}{4}"$ . Meet MIL-Q-5923C.

\*DuPont Trademark
